**What am I covered for?**

You're covered for:

- The cost of drugs approved for use by Medsafe and prescribed under Medsafe guidelines, but not funded under section A to H of the PHARMAC pharmaceutical schedule.
- Non-PHARMAC funded drugs used in a New Zealand-based private hospital, day stay unit, or a private wing of a public hospital that has been recognised by nib.
- Non-PHARMAC funded drugs used at home for up to six months after you're admitted to hospital for treatment. This hospital treatment must be approved by nib and the drugs must relate to it.
- Any drug administration costs.

Any claim under this option will only be payable if it is:

- Related to an approved claim under your Hospital Surgical Benefit, Hospital Medical Benefit, or your Cancer Treatment Benefit (if you have one of these as part of your policy).
- Supported with a recommendation letter from a registered specialist detailing the reasons for prescribing the non-PHARMAC funded drug(s) for you.

**How much am I covered for?**

The benefit limit is the maximum amount that nib will pay towards the cost of non-PHARMAC funded drugs, and any costs to administer those drugs in a 12-month period.

If you have added this option during your policy year, the benefit limit will start again at your next policy anniversary date. It will then renew every 12 months and then renew again every 12 months or your policy anniversary date (whichever is the latest).

Your benefit limit is listed on your Acceptance Certificate or Renewal Certificate (whichever is more recent).
